**Bring Your Own Device**

BYOD

# BYOD

# 2016-17

# Year 13 & 14

# Permitted Mobile Devices

## MDs

- Tablets (e.g. iPad, Kindle, Amazon Fire, Samsung Galaxy Tab, etc)

- Laptops

# Mobile Devices not Permitted

- Mobile/smart Phones
- MP3 & MP4 players

# Rationale

# Why BYOD?

- Increase in demand for MD use by STAFF and PUPILS

- More online resources & Apps

- Limited school-based resources and funding

# Rationale

# Why BYOD? Cont...

- Pace of MD change - schools cannot keep up-to-date

- Protected C2K wifi now available in most key areas around the school. Traceable digital footprint!

# What does BYOD mean for me?

- Y13 & Y14 pupils can now bring their own MD to school, providing they.......
  - READ the BYOD Policy (see website) and SIGN the BYOD acceptable user agreement (AUA) at the end of the Policy
  - Parent(s)/Guardian(s) MUST sign too

# Year 13 &14 BYOD

| 1 - DCF BYOD |
| --- |
| 2 - EN102 - Wireless Options for Guest Devices |
| 3 - EN103 - Connecting a Chromebook to C2k Open Guest |
| 4 - EN104 - Connecting a Google Nexus to C2k Open Guest |
| 5 - EN105 - Connecting a Kindle to C2k Open Guest |
| 6 - EN106 - Connecting a Windows 8, Windows 8.1 or MS Surface device to C2k Open Guest |
| 7 - EN107 - Connecting an Android to C2k Open Guest |
| 8 - EN108 - Connecting an iPad to C2k Open Guest |

# What does BYOD mean for me? Cont…

- Signed AUAs should be returned to tutors
- Once AUA is handed to your tutor you are able to use your MD FOR SCHOOL USE in the Library or Study Hall whenever a <u>supervisor</u> is present
- You may also use your MD during lessons if your teacher allows.

# What does BYOD mean for me? Cont...

- You can join the C2KOpenGuest wifi (instructions on our website). Within 3-5 working days from your AUA being submitted you will be added to the C2KOpenGuest wifi broadcast group.

- A DCF google account will also be created for you over the next few months. It will use your C2K email and give you unlimited cloud storage for school-based work via Google Drive.
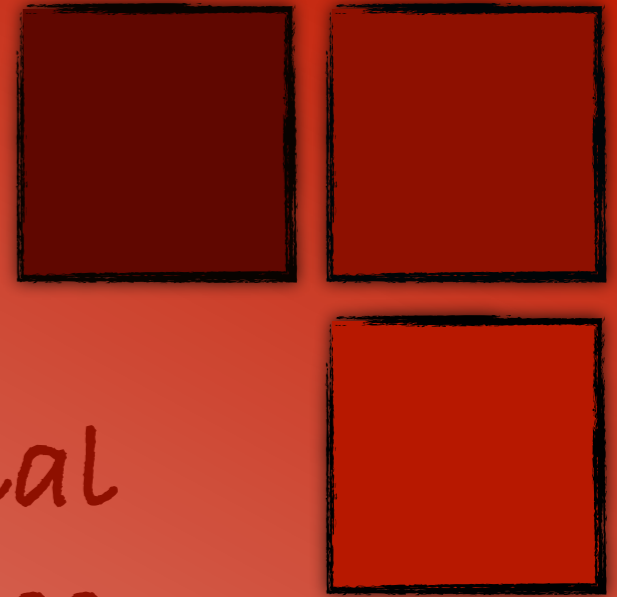

- Read & abide by the BYOD policy - esp. What is permitted and what constitutes improper use
- The MD should be your device - is ONLY for your use (no sharing).
- Be password protected with only access for you
- Be insured and have an appropriate case/cover - the school accepts no liability for loss or damaged devices
- When using wireless - <u>C2KOpenGuest</u> only
- Teacher/supervisor's decision is final
- Think before using - if you think an activity is not allowed trust your gut instinct!
- Back-up all personal data from the MD and removed from MD before first use in school
- Only use school emails to communicate with staff and other pupils about school issues

DO'S

- Don't ignore or breach the BYOD Policy
- Don't lend or let anyone else borrow your device - ever (no exceptions- even for family members!)
- <u>Never take photos, video or use social media unless directed to do so by a teacher as part of your lessons</u>
- Never use 3/4G or use your phone (or anyone else's!) as a 'hotspot'. You can only use <u>C2KOpenGuest</u> wifi
- Never use your MD in school for anything other than direct school use
- Don't access personal images/video on your MD
- Don't use your MD if you are unsupervised.
- <u>Don't use your MD at BREAK or LUNCH</u> - unless a teacher or supervisor/Librarian present
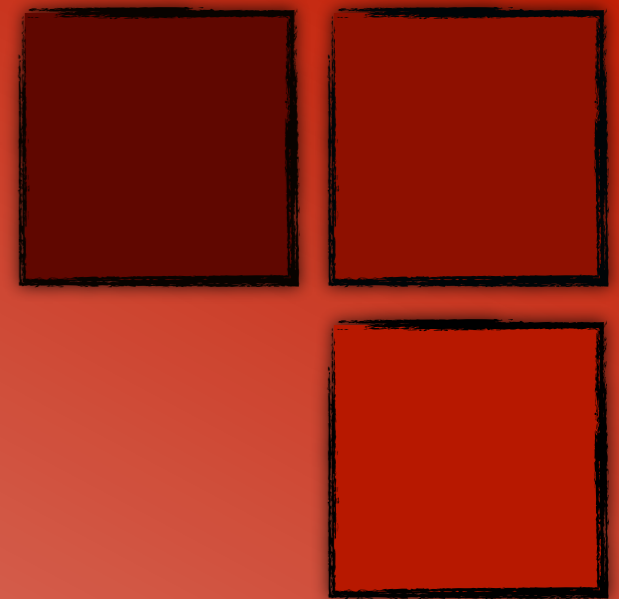

DON'TS

# And Remember...

- All staff/supervisors rules are final
- If for any reason a member of staff suspects inappropriate use the device may be left at Reception for safe keeping - see section 4 of the BYOD Policy. Note devices can be searched by a member of the SLT in compliance with the wider E-safety Policy
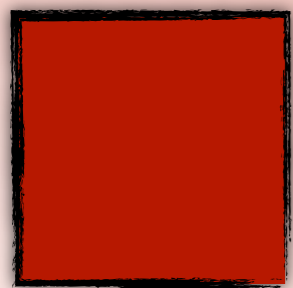

# Ongoing Issues

- Printing
- Wifi
- Monitoring issues as they arise
- Please read & re-read the policy
- A list of pupils permitted to use a MD will be kept in the staff drive

If you have a technical issue please speak to Mr Moreland (computer technician C15)

# The End
